How did you hear about us?

Capital Spreads Account

You are applying for a Financial Spreadbetting account which offers you the opportunity to bet on the movement of financial products. Spread betting is a leveraged trading product. If you want to know more about spread betting please read our brochure or visit the FAQs section of our website at www.CapitalSpreads.com.

At Capital Spreads we want you to enjoy your spread betting experience. Our automatic Stop-Loss facility allows you to limit any financial loss to a pre-agreed amount, but you must note that if the markets move unexpectedly against your position or gap overnight, you may be required to credit your account with additional funds.

Stop-losses are automatically allocated with each bet you make. All stops are not guaranteed. You can lose more than your initial deposit and stake. Spread bets carry a high level of risk so you should only speculate with money you can afford to lose. Before you open an account, please ensure you familiarise yourself with the risks involved. Or if you have any questions please call our Customer Support team on **+44 (0)20 7456 7020**.

Types of Account

Capital Spreads provides Deposit Accounts, which generate automatic stop-losses. You must deposit funds before you wish to make a bet. Payments can be made via Credit/Debit card (2% charge for credit cards), by bank transfer using your account number as a reference (please ask for bank details) or by cheque (allowing time to clear, made payable to Capital Spreads).

Capital Spreads also offers Corporate Accounts. A Corporate Account would suit individuals that wish to trade on behalf of their organisation. To apply for a Corporate Account, please email support@capitalspreads.com requesting further information. Investment Clubs may also open a nominee dealing account. Please contact our Customer Support team for further information on Investment Club accounts.
